DISCUSSION

Incremental fee increases are proposed for Body Art Establishment permits, which address operational costs. No increase is proposed for individual Body Art Practitioner Permit fees. This revenue will allow the Department to provide required services, including inspections, education, and investigations, to the body art industry, and to protect human health from the spread disease. This revenue was part of the FY 13/14 Budget that was approved by the City Council.

These fee increases will also be taken to the County Board for approval.
